

Freckle[™]
by Renaissance[®]

Ashburnham Westminster Regional School District

Sandy Rehler and Eric DeHays are two of the amazing education leaders at Ashburnham Westminster Regional School District in Massachusetts.

Sandy is the Curriculum Coordinator, and Eric is the Technology Coordinator, and they're both dedicated to finding ways to challenge their advanced students, while also helping students that are below grade level catch up.

2,349 Students

Ashburnham, MA

“

We've seen significant growth across the board, especially for our lower performing students,”

– SANDY REHLER

Curriculum Coordinator

Ashburnham Westminster Regional School District

Discovering Freckle

Chosen by Teachers

Looking for a program to help all of their students grow in math, Sandy and Eric decided the best approach was to get significant input from their teachers.

“Our teachers went out and looked at a wide variety of different programs,” said Sandy, “and **Freckle was the one they decided would best meet their needs.**”

With the enthusiasm and support of their teachers, Sandy and Eric rolled out Freckle and were very impressed by the growth of their students.

Student Growth

“We’ve seen **significant growth across the board**, especially for our lower performing students,” beamed Sandy.

“In particular,” Sandy continued, “our 6th graders have shown remarkable results. One of our 6th-grade math teachers is a Freckle Ambassador who lives and dreams Freckle. She is great at using it to help her students grow.”

Looking Forward

Looking for a program to help all of their students grow in math, Sandy and Eric decided the best approach was to get significant input from their teachers.

“Our teachers went out and looked at a wide variety of different programs,” said Sandy, “and **Freckle was the one they decided would best meet their needs.**”

With the enthusiasm and support of their teachers, Sandy and Eric rolled out Freckle and were very impressed by the growth of their students.

World-Class Customer Service

For both Sandy and Eric, one of the things they appreciate most about Freckle is the phenomenal level of support they receive.

Eric remarked, “**This has been the most responsive company in my 18 years of Ed Tech.** We asked for changes and reports and they were there a day or two later! Freckle truly catered the program to what we needed and wanted.”

Sandy wholeheartedly agreed: “Freckle has gone above and beyond for us. Emily, our Account Manager, has been a godsend.”

We're so proud to have the Ashburnham Westminster Regional School District as a part of the Freckle family!
